

# Become a Friend of Winona Lake Limitless Park

In 2014, the greater Winona Lake community came together to renovate Winona Lake Park into an inclusive recreation destination.

## But we're not done yet!

It's time to finish what we started, completing the final phases of the playground, upgrading the beach and pier, and adding the final touches that will make Winona Lake Limitless Park the premier Park destination in the region.

<u>Level</u>	<u>Donation Amount</u>
Friend	\$50 - \$249
Bronze	\$250 - \$999
Silver	\$1,000 - \$2,499
Gold	\$2,500 - \$4,999
Platinum	\$5,000 +

## Donor Campaign 2021-2022

The development of Winona Lake Limitless Park has been a key component to the revitalization of Winona Lake. Learn how YOU can support the project's final phases!

2014

Community launches WLLP campaign

2016

Phase one of WLLP Playground is completed

2015

K21 Splash Pad opens

2018

WLLP Healthy Shoreline project is completed

**W**inona Lake Parks Department has developed a new master plan for the phased completion of Limitless Park. To make this plan a reality, the Town of Winona Lake is seeking support in the form of monetary and in-kind donations.

**Please support the completion of WLLP in whatever way you can!**

## Benefits to our Community

**Space for Children of All Abilities to Play Together** - WLLP's Splash Pad and specially selected playground equipment offer challenging elements for children of all abilities and offer participants physical, psychological, and social benefits. We plan to extend accessibility to the beach and pier, while adding more interactive experiences throughout the park.

**Free Healthy Entertainment for Families** - WLLP offers no cost entertainment for families in Kosciusko County and surrounding communities. It is vital that local municipalities offer citizens entertainment options that reduce the overall expense of family activities, especially activities that promote outdoor physical activity.

**Promoting Tourism** - Limitless Park has become a feature in local and regional tourism publications and websites, attracting visitors to Winona Lake and Warsaw. Families that visit the park also patronize surrounding attractions and eateries, helping our local economy.

**Attractiveness to Top Recruits** - As "The Orthopedic Capital of the World," the county has worked to provide the facilities and services necessary to attract and retain top talent for the healthcare community. Amenities like WLLP enhance the overall attractiveness of living and working in Kosciusko County.

The cost to complete all phases of WLLP is \$1.5M
